

Town of Discovery Bay
A California Community Services District
"Friday Letter"
To the Board of Directors
November 8, 2013

From: Rick Howard, General Manager

General Manager/Administration:

- ✓ This Monday is Veteran's Day. In recognition of all those who have served, the District will be closed. We will reopen Tuesday morning.
- ✓ As you know, the Discovery Bay Garden Club will formally dedicate the Blue Star Memorial Byway Marker at Slifer Park this Veteran's Day Monday at 2:00 p.m.

- ✓ I met with representatives of Pantages this week to start the Pre-Annexation Process. It was a very good meeting. We will meet again in the next couple of weeks. I will be meeting with representatives of Newport Pointe next week.
- ✓ This past Monday Supervisor Piepho hosted an event planning and permitting procedures meeting at the Community Center. There were over 50 people in attendance.
- ✓ Today, we recognized Bob Abbadie for his ten years of service to the Town of Discovery Bay by having a Retirement Luncheon for him at the Steak House. We all wish Bob a healthy and rewarding retirement.

- ✓ The first issue of the *Pipeline* and Activity Guide went to the printer today. Sue and Fairin did a great job with the layout and setting up the programs.

Water and Wastewater Services

- ✓ All of the drill rigging is down at the Well 7 construction site. Pumping will begin next week to determine exact flows, or gallons per minute.
- ✓ The first of 7 Weir Pumps arrived this week. These are for the Influent Pump Station project at Plant I. Virgil is a proud Papa!

Parks, Landscape and Recreation Services

- ✓ As I noted last week, PG&E has been doing some gas line work throughout town the past few months. In exchange for allowing their street slurry and striping contractor to store materials on the south side of the Community Center site, they have sealed the community center parking lot, and on Monday, they striped the lot for us! It looks significantly better.

- ✓ Community Center repair work planning is moving forward. We hope to be able to start some of the demolition next week. The concrete contractor completed their driveway work on Thursday. It is significantly improved. See attached photos:

Important Dates
